Sorry, I never got a chance to get those docs from you. Just running around like a chicken with my head cut off. At some point tomorrow, do you mind scanning the document that says we consulted in NJ voluntarily? Thank you!

Internal, deliberative, attorney client communications

Okay, there are more files than I have time for. Do one of you want to swing by to see which you want? I have talking points for Carol Browner to the Senate on the issue, (so we could pull up the testimony which was prior to revisions to ESA and thus they could have changed EPA's position), analyses by FWS – which we did not agree with but it lays out the counter argument, have memos on the approval saying we engaged in “informal” at their request, not because of obligation. Etc.....

Sorry, line dropped. Let me know what you want me to focus on/ add. Obviously copies of communication on the NJ informal because not discretionary action. Anything else?

I cannot join at 11:30. There is no one in water that can join everyone
ther. You may want to invite Phyllis Feinmark and or bob Montgomery's
as Phyllis helped craft the NJ MOA and Bob oversees the NJ program
